

XI'AN FUNCTION MATERIAL GROUP CO., LTD

Material Safety Data Sheet Vanadium Oxide

1. Product and Company Identification

Trade Name: Vanadium Oxide

Chemical Formula: VO₂

Manufacturer/Supplier: XI'AN FUNCTION MATERIAL GROUP CO., LTD

Street: No. 69, Gazelle Valley, High-Tech Zone

City: XI'AN
State: Shaanxi
Zip Code: 710077
Country: China

Tel #: +86-29-88993870/+86-13519132051

2. Hazards Identification

Signal Word: Warning

Hazard Statements: H302+H332: Harmful if swallowed or if inhaled

H315: Causes skin irritation H319: Causes serious eye irritation H335: May cause respiratory irritation

Precautionary Statements: P261: Avoid breathing dust/fume/vapor

P264: Wash skin thoroughly after handling

P280: Wear protective gloves/protective clothing/eye protection/face

protection

P302+P352: IF ON SKIN: Wash with plenty of soap and water P305+P351+P338: IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses if present and easy to do—

continue rinsing

P304+P340: IF INHALED: Remove victim to fresh air and keep at rest

in a position comfortable for breathing

P332+P313: If skin irritation occurs: Get medical advice/attention P337+P313: If eye irritation persists: Get medical advice/attention P362: Take off contaminated clothing and wash before reuse

P405: Store locked up

P501: Dispose of contents/container in accordance with

local/regional/national/international regulations

HMIS Health Ratings (0-4):

Health: 2 Flammability: 0 Physical: 1

Chemical Family: Additional Names: Vanadium Dioxide, Vanadium (IV) Oxide Vanadium Oxide (VO ₂): Percentage: CAS #: 12036-21-4 234-841-1 4. First Aid Procedures General Treatment: Special Treatment: Important Symptoms: None Inhalation: Ingestion: Skin: Wash affected area with mild soap and water. Rencontaminated clothing. Seek immediate medical a Flush eyes with water, blinking often for several rentact elenses if present and easy to do. Continue 5. Firefighting Measures Flammability: Non-flammable Extinguishing Media: No special restrictions – use suitable extinguishin surrounding material and type of fire. Do not use use CO ₂ , sand, extinguishing powder. Use full-face, self-contained breathing apparatus or clothing to prevent contact with skin and eyes. Sedecomposition products. 6. Accidental Release Measures If Material Is Released/Spilled: Wear appropriate respiratory and protective equip special protection information. Isolate spill area a ventilation. Vacuum up spill using a high efficien

special protection information. Isolate spill area a	ment specified in
ventilation. Vacuum up spill using a high efficien	
	y particulate
absolute (HEPA) air filter and place in a closed co	ntainer for disposal.
Take care not to raise dust.	
Environmental Precautions: Isolate runoff to prevent environmental pollution.	
7. Handling and Storage	
Handling Conditions: Wash thoroughly after handling.	
Storage Conditions: Store in a cool dry place in a tightly sealed contain	er. Store apart from
materials and conditions listed in section 10.	
Work/Hygienic Maintenance: Do not use tobacco or food in work area. Wash th	
eating and smoking. Do not blow dust off clothing	, or skin with
Compressed air.	
Ventilation: Provide sufficient ventilation to maintain concentre threshold limit.	ation at an halam

8. Exposure Controls and Personal Protection Permissible Exposure Limits: N/A Threshold Limit Value: N/A Special Equipment: None **Respiratory Protection:** Use a respirator with type P100 (USA) or P3 (EN143) cartridges as a backup to engineering controls. Risk assessment should be performed to determine if air-purifying respirators are appropriate. Only use equipment tested and approved under appropriate government standards. **Protective Gloves:** Rubber gloves Eye Protection: Safety glasses with side-shields conforming to EN166. Use equipment for eye protection tested and approved under appropriate government standards such as NIOSH (US) or EN166 (EU). **Body Protection:** Protective work clothing. Wear close-toed shoes and long sleeves/pants. 9. Physical and Chemical Characteristics Color Dark Green, Black Form: Powder Odor: **Odorless** Water Solubility: Insoluble **Boiling Point:** N/A Melting Point: 1967 °C Flash Point: N/A Autoignition Temperature: N/A Density: 4.571 g/cc (monoclinic) 4.653 g/cc (tetragonal) 82.94 g/mol Molecular weight: 10. Reactivity Stability: Stable under recommended storage conditions Reacts With: Oxidizing agents, halogens, alkali metals **Incompatible Conditions:** None Hazardous Decomposition Products: Vanadium oxides, Metal oxide fume 11. Toxicological Information Potential Health Effects: Eyes: Causes serious eye irritation Skin: Causes irritation Ingestion: Harmful Inhalation: Harmful Chronic: N/A Signs & Symptoms: N/A **Aggravated Medical Conditions:** N/A Median Lethal Dose: N/A N/A Carcinogen: 12. Ecological Information Aquatic Toxicity: N/A

Persistent Bioaccumulation Toxicity:

N/A

Very Persistent, Very Bioaccumulative:

Notes:

N/A

Do not allow undiluted product or large quantities to reach ground

water, water course, or sewage system Avoid transfer into the environment

13. Disposal Considerations

Dispose of in accordance with local, state, national, and international regulations.

14. Transportation Data

Hazardous:

Hazardous for transportation.

Hazard Class: 6.1 Toxic substances.

Packing Group: III UN Number: UN3285

Proper Shipping Name: Vanadium compound, n.o.s. (Vanadium (IV) oxide)

15. Regulatory Information

Sec 302 Extremely Hazardous:NoSec 304 Reportable Quantities:N/ASec 313 Toxic Chemicals:Yes

16. Other Information

This safety data sheet should be used in conjunction with technical sheets. It does not replace them. The information given is based on our knowledge of this product, at the time of publication. It is given in good faith. The attention of the user is drawn to the possible risks incurred by using the product for any other purpose other than that for which it was intended. This does not in any way excuse the user from knowing and applying all the regulations governing his activity. It is the sole responsibility of the user to take all precautions required in handling the product. The aim of the mandatory regulations mentioned is to help the user to fulfill his obligations regarding the use of hazardous products.
